Claims 6-9 and 13-15 are allowed.

Regarding claim 6, the prior art as previously applied against claim 6 failed to further specifically teach the second section of the second bracket to be adjacent to the first section and to constantly hold the leg in an up position by contact between an end face of the leg and at least one tab of the second bracket, wherein the first bracket is mounted on the surface across from the second bracket such that the first and second legs are in a parallel overlapping configuration in the up position when the second leg is in the second section of the second bracket.

Reasons for allowance for claims 9 and 13 can be found in a previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
